

Volvo XC60

V O L V O

The Scandinavian Craftsmanship

The XC60 is an SUV that projects poise and power. Beautifully crafted details let you know that this is a Volvo. With its sharp creases and curves, the sculpted bonnet helps create an impression of strength and refinement. Large wheels and pronounced wheelarches express the car's athleticism and capability. One glance tells you this is a car that's ready for whatever activity or adventure awaits.

From every angle the XC60 is the SUV with a unique Scandinavian attitude with a strong visual statement.

With its strong, lightweight construction and sophisticated suspension components, the chassis of the XC60 allowed us to find just the right balance between comfort and control. It's the SUV car that offers great driver feedback but leaves you feeling fresh, even after a long journey.

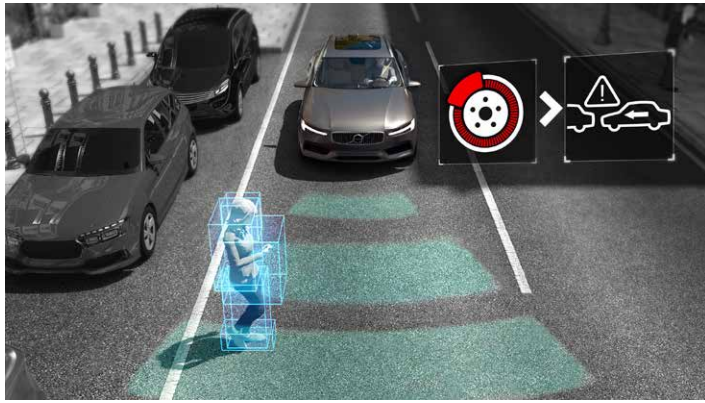

The XC60 is a highly personal expression that evokes a strong sense of elegant refinement. Every detailed contour is carefully crafted to give you and your passengers a stylish and invigorating experience.

Select your power. Choose between five drive modes that allow you to tailor the car's behaviour to your mood and find the perfect setting for the road you're on. The large 9-inch center display further adds to your sense of being in control.

INTELLISAFE – SAFETY ASSISTANCE
