The S60, Engineered For Dynamic Driving

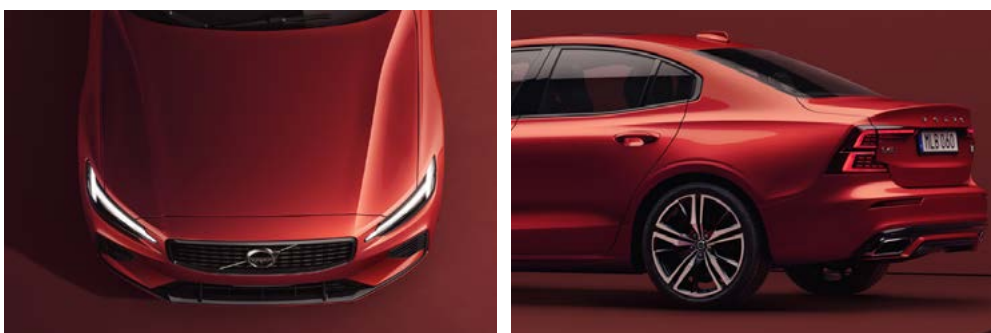

The new S60 inspires you to drive, with a chassis that strikes a balance between comfort and control. Precise, responsive steering creates a feeling of connection to the road, providing sharp handling and maximum agility.

Welcome to an uncluttered, inspiring space that invites you to savour the sense of luxury and focus on enjoying the drive.

The Volvo S60 features a single battery positioned in the middle of the car, creating the perfect weight distribution to give you balance and control for an exhilarating drive.

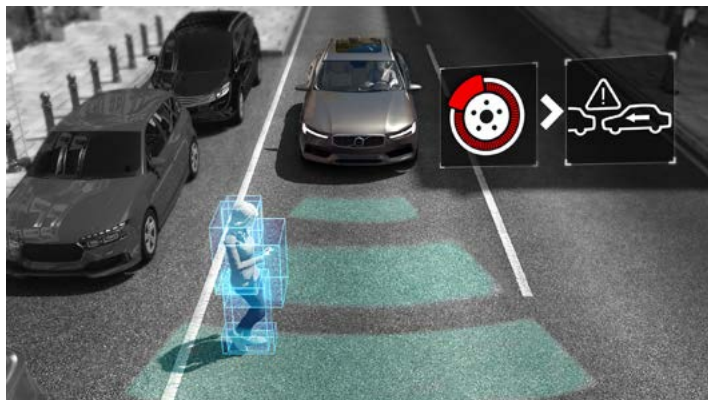

Unleash your sporty side with R-Design. Sculpted sides, a sleek profile and muscular shoulders above the rear wheels giving the car an athletic character. Give your journey the thrill of a spirited driving experience characterised by style, response and control.

Select your power. Choose between five drive modes that allow you to tailor the car's behaviour to your mood and find the perfect setting for the road you're on. The large 9-inch center display further adds to your sense of being in control.
