## **PERFECT BALANCE BETWEEN STYLE, COMFORT AND CONTROL.**

A car has to be more than great design and a rewarding driving experience – the XC60 is versatile, a place which complements and copes with your active life, with extra usefulness built in. We created the new XC60 with one single purpose: to provide you with an SUV that perfectly fits you and your lifestyle. A car that meets your expectations of a dynamic drive with refined comfort and confident design.

The XC60 possesses all the qualities of good Scandinavian design – understated yet confident, uncluttered and beautiful. It is an SUV that projects poise and power. In profile, the bonnet, rising side window line and sharply angled tailgate highlight its dynamic nature. Up close, the sharp creases and sculpted side panels emphasise its muscular, contemporary character. Everywhere you look there is something to delight. The XC60 is a car that you will always be proud to own, and which you will never tire of looking at.

Made from Orrefors® crystal glass, the gear selector in the T8 Twin Engine Inscription blends traditional Swedish materials with advanced design and technology. The shift-by-wire technology allows even smoother operation of the gear selector.

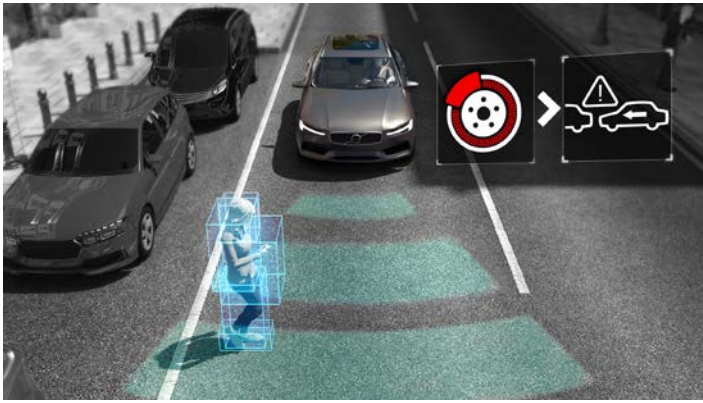

We put as much thought into materials as we do into design. The Tailored dashboard with contrasting stitching and decor in genuine wood or metal allow the materials to speak for themselves. You're surrounded by the precision of skilled craftsmanship, where everything works with accuracy and precision. In the XC60 it's effortless to be in command.
